21 - 24 April 2009

Set sail on the 17th Sinaval exhibition

Set a course for success in your business

It is confirmed: the Technical Advisory Committee of the Sinalval-Eurofishing International Exhibition on Shipbuilding, Maritime, Port and Fishing Industry, has set the date for the next event at the Bilbao Exhibition Centre, **April 21-24, 2009**.

For four days, the event will make Bilbao the focal point of the shipbuilding, maritime, port and fishing industries. In total, **20,000 sqm** of exhibition space will showcase the latest developments, technologies and services offered by the most representative firms in the sector, each in its own specialist field.

As part of the fair, the **2nd Business Meetings** will be held. An area will be set aside specifically as an exclusive, high-level sectoral meeting point for the most representative personalities in the sector.

The 2009 event has a large budget allocation exclusively for **attracting top domestic and foreign visitors** (shipowners, head of purchasing, shipyards, etc).

Sinalval-eurofishing'07

Standing out on the basis of professional quality

The last Sinalval-Eurofishing Exhibition, held on January 24-27, 2007, has been confirmed in the event as a must for the shipbuilding, maritime, port and fishing industries.

It stood out for the highly professional ranking of its participants, in terms of both visitors and exhibitors. The event brought together **447 exhibitors** from **27 countries** including Italy, France, Germany, the UK, Denmark, the USA, Canada, Austria, the Netherlands, Japan and Norway, and a total of **6215 visitors**.

Technical seminars and top-level meetings

Concurrently with the exhibition itself, Sinalval-Eurofishing '07 hosted a broad programme of technical seminars, top-level meetings, lectures, presentations, working groups, assemblies and the now firmly consolidated 3rd International Marine Meetings.

All these meetings and events were highly successful, and attracted large numbers of professionals and representatives of institutions.
